# SPONSOR TESTIMONIALS

“

There is no other event that brings industry leaders in the same room with high intent. DMFS has done a great job of getting highly relevant companies and their highly engaged decision-makers through the door ... This is our third DMFS and has probably been our best to date. Every event seems to get better than the one that proceeds it. Certainly feels like feedback is being heard and acted upon! The attendance and engagement was high, and delegates were interested in learning more about us ... In-person networking was great, everyone was approachable and able to have deeper conversations ... Communication leading up to the event was also great. I had all the information I needed and ready to go coming to the start of the conference.

 iQUANTI

“

We've participated both in Canada and the U.S. and will continue to do so ... Everyone here is someone who is very highly engaged in marketing, very highly engaged in digital, and they're all interested in getting to that next stage.

 Hootsuite

“

Great event for any organization looking to raise their profile and reach a target audience in the financial service sector! Well organized conference. Good networking opportunities. Clear communication and organization. Interesting content ... It was amazing working with the entire DMFS event staff.

 PHASE 5

“

First time we attended. Very refreshing. Great experience. Lots of new connections ... Very good sessions. We learnt so much! ... The communication leading up to the event was spot on.

 SITEPLUG®

“

I think the quality of people is fantastic. I had a lot of great conversations and a lot of great leads for us to be calling on.

 Broadridge

“

Very good experience. The DMFS team put together an intimate event with many good-fit prospects; making it a valuable trip for our team to showcase our services.

 Capex

“

Great event, worth the time and investment made by our team. Lots of strong influencers in the field to network with in a close setting.

 chartis

“

Good leads! As an account executive these conversations are key to our business.
